- 24 chr or 40 chr per line versions

## **PR02 Desktop 24VDC or 240VAC 42 Col. Slip Printer**

The PR-02 printer is a terminal ticket printer with the speed and versatility to make it an economical choice for industrial scale applications.

Its versatility is demonstrated by its list of functions. It printers multiple character sizes, has forward and backward paper feed. You can program page length for page sizes from 3.5 inches square to 7 by 10 inches.

The PR-02 is incredibly compact, while at the same time offering printing versatility. Capable of many font options, it offers four print sizes, and also has the ability to print text vertically as well as horizontally.

The TM-U295's flatbed design makes paper insertion easy and quick. It also offers user-friendly features such as an easy-to-operate touch panel and an automatic paper eject function

It uses standard RS-232 interface, making it an easy peripheral to apply to data gathering equipment. Its 512 byte memory buffer allows data reception during printing, improving throughout by cutting waiting time from the host device.

PR-02 The world smallest package slip printer providing durable reliable performance.

### **Features**

- Ultra-small foot print saves counter space
- Operator friendly features
- Four print sizes, four printing direction
- "Page-mode" allows printing anywhere on the document
